ISS OPERATIONS TELECONFERENCE MINUTES  
January 30, 2001

Participants: Christine Coleman, Cynthia Gifford, Bert Holombek, Elliott Humrich, John Hunsaker, Robert Riordan, Filip Mommaerts, Michael Shawgo, Jan Vanmolkot, Natalie Anton, Karen Cerri, Mark Boring, Carrie Heinzmann, Dick Lawrenz, Brian Scramling, , Sandy Shipley, Brian Sullivan, Sara White

**1. Office Issues:** None at this time

**2. Project Updates:**

**PBX Project:** Brian Sullivan stated the Columbus PBX upgrade was successful last Friday. The development of the templates and the proposed training agenda are the next two steps involved in the process. The remainder of the offices is scheduled as follows:

Saturday, February 3 - Cleveland @ 11:00 p.m.

Friday, February 9 - LA and Irvine (not yet confirmed)

With the completion of all the offices to be done by February 28, 2001

**3. Operational Issues and Updates:**

**Network outage 1/30:** Brian Sullivan explained the major network outage that occurred last evening at 11:45 p.m. It was due to DS3 outage located in the Pittsburgh area. The outage was due to Verizon and Quest Communications DS3 cable failure. The problem was escalated to RSL, who utilizes Verizons long distance carrier lines. The outage lasted around 8.5 hours. The lengthy outage was primarily due to the necessary time for RSL, Verizon and Quests to perform the necessary troubleshooting to determine failure and resolution. However, handoff between the carriers was not smooth at all. Follow up with take place with RSL over the next few days. The final resolution was the replacement of a defective cable between Verizon and Quests Communications.

The failure highlights a possible "single point of failure" within the network. The Firm has noted this issue and plans to build additional redundancy into the network. Craig Belec will speak on the network redundancy project during the call next week.

**Operational Services:** Brian Sullivan stated that due to the involvement of the JDWEB/JD@Work project by all members of Firm ISS and specifically the Operations group members, we may experience delays in service. The Operations Group has been given approval to expand to a full 24 x 7 support. The support will be more comprehensive than in the past.

**4. Integration Lab Updates:**

**Weekly Updates:** Mark Boring indicated the following is happening in the lab:

1. New version of Hyperpep Q-forms, which is available via the application installer
2. No virus updates this week
3. 733 builds are slow and there is nothing obvious about the slowness.
4. Certified machines are out of production and cannot order new ones now. The purchase of new platforms will be released at the same time as Windows 98.

John Hunsaker asked if the Fax Upgrade client in conjunction with the Windows 98 release is dependent on each other. Mark indicated they were not.

**5. OTS - Updates:** None at this time

**6. Question/Comments:**

Brian Scramling announced not all offices had returned the Smartforce packages to Sandy Shipley. They are due to Sandy by the end of the week. The final course selections will be reviewed and sent to Smartforce next week.

Natalie Anton announced that the Singapore office is now under VPN, with Tokyo and Shanghai to be complete by the first half of February.

Natalie is planning to contact each office to determine how few printers and PC's you can live with. The amount budgeted is very high.

Natalie also wanted to announce we have a new IS Manager in the Houston office, her name is Ava Slaughter, she is from the previous firm and is planning to join the OPS calls. Also, the Houston office is not yet JDNet but is scheduled to be sometime in March.

Rob Riordan asked if we were changing long distance carriers? Bert Holombek indicated the Dallas office was. Brian Sullivan was not aware of the changes and indicated he would talk with Dave Lovell regarding this issue.

With no further discussion the meeting adjourned at 11:15 a.m.

Respectfully submitted by: Sandy Shipley

## Deposition of Ava Slaughter, Volume 2, taken on June 14, 2006

13 (Pages 240 to 243)

Page 240

1 Q. Okay. Now, in the GIS department?  
 2 A. **That is correct.**  
 3 Q. Did you supervise her?  
 4 A. **Did I supervise her?**  
 5 Q. Yes.  
 6 A. **She was in Columbus.**  
 7 Q. Okay. So that -- the answer is "no"?  
 8 A. **No.**  
 9 Q. So you don't have any personal knowledge of her  
 10 responsibilities and her performance in the Columbus  
 11 office as you sit here today, do you?  
 12 A. **I have some knowledge of it because I had a**  
 13 **relationship with her supervisor.**  
 14 Q. Okay. And -- but my question is whether or not  
 15 you have personal knowledge, not based -- not  
 16 information that you may have received from someone  
 17 else. Information that you gathered yourself by either  
 18 evaluating her, assigning her tasks, et cetera.  
 19 MR. PADGETT: I'm going to object to the  
 20 form of the question.  
 21 MS. CLARK: Okay.  
 22 Q. (By Ms. Clark) So -- so my question to you is:  
 23 Since she worked in the GIS department in Columbus  
 24 office, you didn't have any personal knowledge of her  
 25 responsibilities or her job performance, did you?

Page 241

1 A. **I had personal knowledge of her job**  
 2 **responsibilities, and the reason that I was able to**  
 3 **acquire that personal knowledge is because I spent maybe**  
 4 **a couple of days in the Columbus office with her**  
 5 **supervisor.**  
 6 Q. And how often did you spend a couple days in  
 7 the Columbus office?  
 8 A. **No. I -- this was one -- one trip. I mean, it**  
 9 **wasn't an extended trip. It wasn't once a month or**  
 10 **anything like that.**  
 11 Q. Okay. And when did that occur?  
 12 A. **I would have to say that probably was in 2002;**  
 13 **but again, this is just a guess. I don't --**  
 14 Q. Okay.  
 15 A. **I don't remember the exact date.**  
 16 Q. Okay. Now, you also stated that Hugh Whiting  
 17 told you that Jerri had been selected because of her  
 18 connections within the firm. Did she have connections  
 19 within the firm, to your knowledge?  
 20 A. **I didn't know what kind of connections she had.**  
 21 **Obviously she did.**  
 22 Q. Okay. Now, in your statement, Exhibit No. 17,  
 23 in Paragraph 3 you write -- or you wrote that  
 24 Mr. Whiting told you that a major part of the decision  
 25 to hire or place Jerri in the GIS manager position was

Page 242

1 based on her tenure with Jones Day; and he added that  
 2 she'd worked for Jones Day for more than ten years. Do  
 3 you see that?  
 4 A. **I see that.**  
 5 Q. Do you have any reason to doubt that she  
 6 actually worked for Jones Day for over ten years at the  
 7 time this statement was drafted?  
 8 A. **Since he said it, I -- I took him at his word.**  
 9 Q. Okay.  
 10 A. **I -- I don't know.**  
 11 Q. Okay. And then you went on to state that on  
 12 October 22nd, Mr. Richardson assured you that the GIS  
 13 manager position was completely new and that your  
 14 current position as technology support specialist would  
 15 stay intact. Do you -- you wrote that?  
 16 A. **Yes. And that was consistent with the position**  
 17 **that Stacey Brown told me to place on my resume, which I**  
 18 **did.**  
 19 Q. Okay. But you noted changes in that your  
 20 BlackBerry had been removed and there were changes in  
 21 the GIS manager distribution list. Is that what you  
 22 told Mr. Williams?  
 23 A. **Yes.**  
 24 Q. Now, did you -- how do you characterize the  
 25 decision to place Jerri Del Riesgo in the GIS manager

Page 243

1 position?  
 2 A. **Rephrase your question.**  
 3 Q. Okay. In this lawsuit you allege that Jones  
 4 Day discriminated against you based on your race,  
 5 correct?  
 6 A. **Correct.**  
 7 Q. And I -- I want to understand the nature of  
 8 your allegations.  
 9 Is it your allegation or your belief or  
 10 based on your knowledge, however you want to  
 11 characterize it, that you were demoted when Jerri Del  
 12 Riesgo was placed in the GIS manager position?  
 13 A. **I was definitely demoted, yes.**  
 14 Q. Okay. Is there anything else about that  
 15 decision that you believe to be discriminatory, other  
 16 than the fact that you view it as a -- a demotion?  
 17 A. **The fact that I had superior knowledge,**  
 18 **superior experience, that I was already doing the job,**  
 19 **and that a white female, former secretary who had never**  
 20 **ran a technology department before, who came in and I**  
 21 **had to train on many technologies, on many things**  
 22 **regarding the infrastructure -- she was not equipped.**  
 23 **She was not qualified for the position, nor even in**  
 24 **the -- the interview process was there anything that --**  
 25 **what would allow an individual to test qualifications.**

## Deposition of Ava Slaughter, Volume 2, taken on June 14, 2006

14 (Pages 244 to 247)

Page 244

1 Q. Okay. Now, I understand that's why you believe  
2 you were discriminated against. And we'll --  
3 A. That's why I know I was discriminated against.  
4 Q. Okay. Why you know you were discriminated  
5 against. But right now I just want to make sure I  
6 understand your claim, and it's your belief that you  
7 were demoted when Jerri Del Riesgo was placed as the GIS  
8 manager because that position had been yours previously.  
9 Is that right?  
10 A. I had been the GIS manager. I was the GIS  
11 manager for the Houston office for almost three years.  
12 Q. Okay. Now --  
13 A. And when Jerri was sent to the Houston office,  
14 she took over my position.  
15 Q. Now, and what position then did you assume  
16 when -- once Jerri took over your position?  
17 A. The position that Stacey Brown told me to write  
18 on my resume, which was technology support specialist.  
19 Q. So after Jerri became the GIS manager, it's  
20 your belief, your knowledge, that you then became the  
21 technology support specialist.  
22 A. It's my belief that I was demoted, and I know  
23 that I was demoted based on the major changes that took  
24 place. And seeing as though that that's the title that  
25 Stacey Brown told me to put on my resume, I would say

Page 245

1 "yes," that's what I became.  
2 Q. Okay. And how did your job responsibilities  
3 change after Jerri Del Riesgo became the GIS manager?  
4 A. They changed tremendously.  
5 Q. Yeah. And I'm asking you how.  
6 A. Okay. To start with, she took over all  
7 budgetary responsibility.  
8 Q. So you no longer were responsible for budgetary  
9 responsibilities.  
10 A. That is correct. Jerri -- well, obviously you  
11 see in the -- in the documents she assumed my  
12 BlackBerry. She also took over all other administrative  
13 and managerial functions, such as approving invoices,  
14 handling new hires, handling departures, ordering all  
15 equipment. These were things that Jerri assumed.  
16 Q. And what did -- and what were your  
17 responsibilities after she came -- became the GIS  
18 manager? What did you do?  
19 A. Initially what I did was packed up the entire  
20 technology department for the Houston office while she  
21 was in meetings and while she was doing the things that  
22 I would have normally done.  
23 Q. Okay. So while --  
24 A. So --  
25 Q. While she was in meetings, you were packing up?

Page 246

1 I'm -- I want to make sure I understood what you said.  
2 A. I packed up all of the -- the packing for the  
3 department.  
4 Q. For the move?  
5 A. That is correct. Because she came around the  
6 time that the move was taking place.  
7 Q. Okay. So Jones Day moved offices in November  
8 or thereabouts, 2003, correct?  
9 A. That is correct.  
10 Q. And so you were charged with packing up the  
11 technology in the department in preparation for the  
12 move.  
13 A. That's correct. I did all the -- the labor,  
14 the hard labor.  
15 Q. Okay. Lifting boxes?  
16 A. Sure.  
17 Q. Packing boxes?  
18 A. Uh-huh.  
19 Q. "Yes"?  
20 A. Yes.  
21 Q. You didn't have any support?  
22 A. No. Sure didn't.  
23 Q. If Jerri had not been placed as the GIS  
24 manager, would those responsibilities have still been  
25 yours? Packing up the technology department?

Page 247

1 A. No.  
2 Q. Who would have assumed those responsibilities  
3 if Jerri was not the GIS manager?  
4 A. I can only assume -- don't know for sure, but  
5 we would have had some individuals down here to help out  
6 with the move. Because the things that she was -- that  
7 she assumed in the sense of meetings, handling the  
8 administrative part --  
9 Q. Uh-huh.  
10 A. -- those were things that I would have handled.  
11 Q. Okay.  
12 A. Just like I did when we expanded to the 68th  
13 floor.  
14 Q. Now, you -- in this complaint you asked  
15 Mr. Williams for the opportunity meet face-to-face with  
16 him when he next came to Houston on November 14th and  
17 17th. Is that correct?  
18 A. That's correct.  
19 Q. And did you, in fact, meet with Mr. Williams?  
20 A. Yes, I did.  
21 Q. Okay. Now, you testified that you believe that  
22 Jerri Del Riesgo was not qualified for the position,  
23 correct?  
24 A. She did not have the kind of qualifications  
25 that I had. I had superior qualifications for the

## Deposition of Ava Slaughter, Volume 2, taken on June 14, 2006

5 (Pages 208 to 211)

Page 208

1 problem with him.

2 Q. Why did he -- how did he appear to have a  
3 problem with you?4 A. At the time, I participated -- we had a little  
5 group meeting, and we were talking about technology. I  
6 can't remember exactly what the presentation was  
7 regarding, but I was elected as the person in my group  
8 to get up and speak in front of the entire audience to  
9 tell our side of the story or to give our assessment.  
10 Once I did that, many individuals in the audience  
11 started clapping. It's my understanding from others  
12 that Terry Crum seemed to be irritated by that.

13 Q. Did you notice that he was irritated?

14 A. No. Because I was headed back to -- to my  
15 seat. So I -- I wasn't looking at him.16 Q. Okay. So did he tell -- make any statements to  
17 you during that meeting?18 A. Other than, "Hi, how" -- "how are you doing?  
19 Nice to meet you," just the general greeting that --  
20 that anyone would give.

21 Q. He submitted an evaluation for you in 2003?

22 A. Yes.

23 (Slaughter Exhibit No. 15 was marked.)

24 Q. (By Ms. Clark) Do you recognize this document  
25 what -- that's been marked as Exhibit No. 15?

Page 210

1 A. I see that.

2 Q. And he states that you seldom attended  
3 conference calls. Was his assessment.

4 A. I see that.

5 Q. Did you agree with that?

6 A. I totally disagree.

7 Q. Did you -- is it your belief -- is it your  
8 testimony that you attended the conference calls?9 A. I attended conference -- to say "seldom" would  
10 imply that I hardly ever participated or attend the  
11 calls. That is incorrect. I participated in the calls  
12 and attended as many calls as I could.13 Q. He also noted that when you did attend the  
14 conference calls or partici -- or attend the conference  
15 calls, you rarely participated or contributed to the  
16 call. Do you see that?

17 A. I see that.

18 Q. Did you agree with that?

19 A. No.

20 Q. He states that -- in this evaluation in 2003,  
21 that you were not as well-connected into the global  
22 organization as your peers and that as a result, that  
23 left you somewhat uninformed. Do you see that?

24 A. I see -- I see that.

25 Q. And that was his assessment of you.

Page 209

1 A. Yes.

2 Q. Turn with me to the second page. Is that your  
3 signature?

4 A. Yes.

5 Q. And your job title is listed as technical  
6 support specialist. Do you see that?

7 A. Yes, I do.

8 Q. And you didn't make any changes to that, did  
9 you?

10 A. No.

11 Q. Refer with me to Exhibit No. 14. Your job  
12 title is listed as technical support specialist on  
13 the --

14 A. Technology.

15 Q. Excuse me. Technology support specialist on  
16 the 2003 --

17 A. Yes.

18 Q. -- evaluation?

19 And you didn't make any changes to that,  
20 did you?

21 A. No, I did not.

22 Q. Okay. Now, according to the evaluation that  
23 Mr. Crum provided regarding you, he noted that there  
24 appeared to be a disconnect between you and the global  
25 organization. Do you see that?

Page 211

1 A. Right.

2 Q. Did you agree with that?

3 A. No.

4 Q. He states that at -- at times it was difficult  
5 to reach you by e-mail or phone. Do you see that?

6 A. Yes.

7 Q. Did you agree with that?

8 A. No, I do not. I -- Mr. Crum had never been to  
9 the Houston office, nor do I recall anytime when he  
10 would just attempt to call me directly. So I was pretty  
11 surprised by his comments.12 Q. He stated that as the single GIS representative  
13 in Houston, you needed to work harder, in this 2003  
14 evaluation, correct?15 A. That's not correct. That's what he stated,  
16 that I needed to work harder.

17 Q. Right. I mean, that that's --

18 A. Yeah.

19 Q. -- what he stated.

20 A. Right.

21 Q. But you disagree with that?

22 A. I totally disagree with that.

23 Q. Okay. Did you provide a statement in response  
24 to his evaluation?

25 A. I don't recall.

## Deposition of Ava Slaughter, Volume 2, taken on June 14, 2006

6 (Pages 212 to 215)

Page 212

1 Q. Who is Aaron Gard.  
 2 A. Aaron Gard is one of our associates.  
 3 Q. Okay. And what level associate is he?  
 4 A. You mean how many years?  
 5 Q. Yes.  
 6 A. I'd say as of right now, he may be five- or  
 7 six-year associate. I - I don't really remember.  
 8 Q. Okay.  
 9 A. He's on the junior level, I would assume.  
 10 Q. Okay. Do you recall that he completed an  
 11 evaluation for you in 2003?  
 12 A. Yes, I do.  
 13 (Slaughter Exhibit No. 16 was marked.)  
 14 Q. (By Ms. Clark) You've been handed what's been  
 15 mark as Exhibit No. 16. Do you recognize this document?  
 16 A. Yes.  
 17 Q. Would you characterize this evaluation as a  
 18 good evaluation by Aaron Gard?  
 19 A. I'd have to read it first.  
 20 (Witness examining document.)  
 21 Your question was would I consider that to  
 22 be a good evaluation?  
 23 Q. Yes.  
 24 A. Yes.  
 25 Q. He made positive statements about a project in

Page 213

1 which you assisted him.  
 2 A. Right.  
 3 Q. Okay. Do you recall whether or not he was a  
 4 first-year associate in 2003?  
 5 A. I don't recall.  
 6 Q. Okay. Do you have any complaints or problems  
 7 with Mr. Gard?  
 8 A. No, I do not. I worked with him quite a bit,  
 9 as he noted. He had moderate experience - or moderate  
 10 exposure to me.  
 11 Q. Uh-huh.  
 12 A. So he could evaluate me because he knew me and  
 13 worked with me.  
 14 Q. Okay. But Kevin Richardson knew you and worked  
 15 with you, as well, correct?  
 16 A. Aaron worked more closely with me because we  
 17 were working on projects.  
 18 Q. Who was the partner assigned to this BP  
 19 project? Do you recall?  
 20 A. I don't recall.  
 21 Q. Do you agree that the partner would have  
 22 ultimate responsibility for the project and that Aaron  
 23 would carry out his or her directives?  
 24 MR. PADGETT: Object to the form of the  
 25 question.

Page 214

1 A. Would you please rephrase the question?  
 2 Q. (By Ms. Clark) Sure. As a first-year  
 3 associate -- or junior associate, as you refer to him --  
 4 you would expect that he would take directive from his  
 5 partner or the partner assigned or responsible for the  
 6 BP project.  
 7 A. That would follow normal protocol.  
 8 Q. Okay. Did you file an internal complaint with  
 9 Jones Day?  
 10 A. Yes.  
 11 Q. Okay. What was the first step that you took in  
 12 filing your internal complaint?  
 13 A. From what I recall, the very first thing that I  
 14 did was to -- I contacted HR.  
 15 Q. And with whom did you speak in HR?  
 16 A. The very first person that I voiced my  
 17 complaints to was Stacey Brown.  
 18 Q. And what did you tell her?  
 19 A. I told her that I felt and I knew that my job  
 20 was being taken away from me and that that wasn't right,  
 21 that I was very hurt behind it. She went on to tell me  
 22 she didn't understand why this was happening because I  
 23 was already doing the job.  
 24 Q. And that's what Stacey Brown told you?  
 25 A. That is exactly what Stacey Brown told me. And

Page 215

1 at that particular time, I was so emotional that she  
 2 asked me -- or she told me that I could contact the  
 3 personal assistance program; and she also suggested that  
 4 I go home that particular day --  
 5 Q. And did you?  
 6 A. -- which is --  
 7 Q. That's what you did?  
 8 A. That particular day I did go home, yes.  
 9 Q. Did you contact EAP?  
 10 A. Yes, I did.  
 11 Q. Okay. And with whom -- did you see someone  
 12 there?  
 13 A. I spoke with someone through our EAP phone  
 14 line, and what they did was referred me to various  
 15 therapists that could help. And I did see a therapist.  
 16 Q. And who did you see?  
 17 A. I don't have the person's name right now.  
 18 Q. Okay. Was it a man or a woman?  
 19 A. It was a woman.  
 20 Q. And where is her office located?  
 21 A. She's in the Fort Bend County area.  
 22 Q. I'm sorry?  
 23 A. Fort Bend County area.  
 24 Q. How long did you see her?  
 25 A. I saw her for -- I think I had three -- three

SLAUGHTER V. JONES DAY  
JONES DAY 00210

3/2003 04:51 PM

Subject: Houston Office Visit, Jan. 28-29

in,

ouple of thoughts from my visit last week:

n waiting to discuss with George his thoughts on my involvement should you decide to hire outside for a GIS Manager. I  
e him a very high level overview (he understands the confidentiality of the conversation), but I want to discuss it further. I  
l a thought though, after I left, about the situation. Have you ever considered bringing in a contractor for a few months to  
sist" Ava with a lot of the desktide assistance she does, especially with the troubleshooting and repairs? That would free  
up to do more of the managerial and organizational things and give her the opportunity to show if she can actually do it, if  
had a proper "staff". That way you'd have some quantifiable performance criteria to use when making your decision. Just  
ought.

ntinue to consider your office as a possible pilot site for the new desktop. I am currently discussing it with team members.  
ill keep you informed as any decisions are made or discuss it more with you, if necessary. I still think it's a good idea and  
o mentioned this to George.

n also working to get on George's calendar to go over a lot of the construction/move stuff. Mainly I want him to direct more  
ES's attention to it. I realize that there is only so much of them to go around, but I want to be a "squeaky" wheel on this  
e. I'll let you know once I can get my conference calls and meetings scheduled with them.

a

er privilege. If you received this e-mail in error, please delete it from your system without copying it and notify sender by  
ly e-mail, so that our records can be corrected.  
=====

1 redacted part. I think I sent a letter to you regarding  
2 the content of the information that was redacted.

3 MR. PADGETT: Okay.

4 A. Okay.

5 Q. (BY MR. PADGETT) All right. Have you had a  
6 chance to read through this document?

7 A. Yes.

8 Q. Do you recognize it?

9 A. Yes.

10 Q. What is it?

11 A. It's an e-mail that was produced during  
12 discovery.

13 Q. And who is the e-mail to?

14 A. The e-mail is to me.

15 Q. All right. Did you actually receive this  
16 e-mail?

17 A. I recall, yes, receiving it.

18 Q. Do you have any doubts about the authenticity  
19 of the document or the information that's contained in  
20 it? In other words, has it been modified in any way?

21 A. No, I do not.

22 Q. All right. I'm going to kind of go through  
23 this and ask you a few questions about it. And one of  
24 the things we're going to do is fill in, to the best of  
25 our ability, what we think, you know, is in the missing

1 part.

2 And, actually, let me back up for a  
3 minute.

4 Do you have a copy of this e-mail extant  
5 upon your system somewhere?

6 A. I don't recall.

7 Q. All right. Is there any reason why you would  
8 have deleted or destroyed this document or destroyed the  
9 e-mail?

10 A. Not that I would have destroyed it, no.

11 Q. Do you have a system at Jones Day where you  
12 preserve e-mails of this nature for a certain period of  
13 time?

14 A. The system provides for e-mails being retained  
15 for, I believe, up to 30 days unless you move them into  
16 a folder.

17 Q. All right. So, in other words, your testimony  
18 is that your system itself will delete an e-mail unless  
19 it's moved into a folder?

20 A. Yes.

21 Q. All right. What system do you use of e-mail?

22 A. Lotus Notes.

23 Q. Lotus Notes. All right.

24 So do you recall moving this into a  
25 folder?

1 A. No, I do not.

2 Q. All right. Let's go through the e-mail.

3 It starts off with the word E-V-I-N, which  
4 I assume is Kevin.

5 A. (Moving head up and down.)

6 Q. All right? Would you agree with me on that?

7 A. I would agree.

8 Q. Okay. And then it says "couple of thoughts  
9 from my visit last week." And I assume it's probably "a  
10 couple of thoughts from my visit last week."

11 Would you --

12 A. Okay.

13 Q. -- agree with that?

14 A. Yes.

15 Q. All right. It goes on to say: "I am  
16 waiting" -- I assume it's "I am waiting" -- "to discuss  
17 with George his thoughts on my involvement should you  
18 decide to hire outside for a GIS manager."

19 Do you believe I read that correctly?

20 A. I believe you did.

21 Q. All right. Who is George?

22 A. I believe the referral is to George Gazdick.

23 Q. And who is George Gazdick?

24 A. George Gazdick was the associate director of  
25 GIS.

1 Q. So that would have been the individual who was  
2 immediately below Sara White in the hierarchy of Jones  
3 Day?

4 A. Immediately above Sara White.

5 Q. Immediately above. All right.

6 Ms. Sara White, was she immediately above  
7 you in terms of the hierarchy?

8 A. No.

9 Q. All right. What was her position, or where was  
10 she?

11 A. She was regional or North America GIS manager.

12 Q. All right. So would it have been that there  
13 were people in between you and her?

14 A. There's no reporting relationship between me  
15 and Sara White.

16 Q. All right. What was your position at the time?

17 A. Office administrator for Houston.

18 Q. Would you have been at a peerage level? In  
19 other words, would y'all have been peers?

20 A. No.

21 Q. Well, with respect to GIS issues, who would  
22 have had the final say? You or Sara White?

23 A. I guess my answer to that is: It depends.

24 Q. All right. And what would it depend upon?

25 A. It would depend on what the issue was.

1 Q. With respect to hiring and firing of  
2 individuals, who would have had the final say?

3 A. Could you be more specific?

4 Q. In the Houston office if someone were to make a  
5 decision with respect to hiring a GIS manager, who would  
6 have the final say?

7 A. The Houston office would.

8 Q. And that would have been you as the office  
9 administrator?

10 A. It would have been me and Hugh Whiting.

11 Q. And Hugh Whiting.

12 And who was Hugh Whiting at the time?

13 A. Parter in charge of the Houston office.

14 Q. Okay. All right. So why would George Gazdick  
15 and Sara White be involved in a confidential  
16 conversation with you with respect to hiring a GIS  
17 manager for the Houston office?

18 A. Well, I think the confidentiality is based on  
19 the fact that we don't want these types of discussions  
20 to go through the general Jones Day population.

21 Q. And why not?

22 A. Well, because hiring and firing decisions do  
23 not typically concern, if you will, the general  
24 Jones Day population.

25 Q. With respect to the hiring and firing

1 decisions, at that point in time, was it particularized  
2 to whether or not Ms. Slaughter was going to receive  
3 that position?

4 A. No.

5 Q. All right. So are you saying that even generic  
6 staffing decisions with respect to whether or not an  
7 office has reached a head count that would support a GIS  
8 manager -- even those types of decisions are the types  
9 that you believe must be maintained as confidential?

10 A. Could you rephrase that for me?

11 Q. Well, and I apologize --

12 A. Restate it.

13 Q. -- because you've confused me. Maybe if I go  
14 back in a minute and clarify some things...

15 As we go on in the e-mail, it says: "I  
16 gave" -- I think that it says "I." And then I believe  
17 it's "gave him a very high-level overview (he  
18 understands the confidentiality of the conversation).  
19 But I want to discuss it further."

20 Okay. Is that correct?

21 A. Yes.

22 Q. All right. And we don't have any doubt -- I  
23 mean, I believe that the missing letter there is a G for  
24 gave.

25 Would you agree with me there?

1 A. I would agree.

2 Q. Okay. So Ms. White is discussing with George  
3 Gazdick and you the question of whether or not you're  
4 going to go outside to hire a GIS manager.

5 A. (No verbal answer.)

6 MS. CLARK: I'm sorry. Is that a  
7 question?

8 A. Is that a question?

9 Q. (BY MR. PADGETT) Well, yes. In other words --

10 A. Could you read it back?

11 Q. -- you and Mr. Gazdick and Ms. White are having  
12 a discussion regarding hiring -- regarding going outside  
13 of Jones Day to hire a GIS manager; is that correct?

14 A. I -- well, let me clarify. I did not have a  
15 conversation with George Gazdick. Sara White had a  
16 conversation with George Gazdick, according to this  
17 e-mail.

18 Q. Okay. All right. But you had a conversation  
19 with Sara White at some point.

20 A. I had a conversation with Sara White about our  
21 need to provide additional support and leadership in the  
22 GIS position in Houston.

23 Q. When did you have that conversation?

24 A. I don't recall.

25 Q. Can you give the jury a ballpark of when you

1 had that conversation?

2 A. 2003.

3 Q. Would that have been early 2003 around the time  
4 when Ms. White made her visit?

5 A. It's likely.

6 Q. All right. Did you take any notes from the  
7 conversation or make any notes to the file or anything  
8 of that nature?

9 A. Not that I recall.

10 Q. All right. But generally what you seem to  
11 recall from that time period -- and I understand it's  
12 been a while -- is that sometime in the beginning of  
13 2003, you begin to think about the need for -- as you  
14 put it -- having more leadership and additional support  
15 in the position, in the GIS position.

16 A. Correct.

17 Q. All right. As a result of that, you had a  
18 conversation with the North American regional manager  
19 for GIS, Sara White; is that correct?

20 A. Yes.

21 Q. All right. And what can you tell the jury that  
22 you remember about that conversation?

23 A. Well, I don't recall the conversation.

24 Q. All right. You don't doubt that the  
25 conversation occurred, because Ms. White documents it in

1 this e-mail, Exhibit 1, correct (indicating)?

2 A. That is correct.

3 Q. All right. And, in fact, Ms. White had enough  
4 concern about the conversation, I guess you might say,  
5 that she went and discussed it with George Gazdick, who  
6 is a level above her.

7 A. Yes.

8 Q. All right. Do you know anything about that  
9 conversation?

10 A. No, I do not.

11 Q. Did you ever get any reports about that  
12 conversation?

13 A. No, I did not.

14 Q. All right. Do you recall anything about what  
15 you said in that conversation?

16 A. I don't recall the conversation.

17 Q. You don't recall the conversation. Okay.

18 All right. Ms. White goes on to say: "I  
19 had a thought" -- and I think it's "had" just because it  
20 works that way -- "had a thought, though, after I left,  
21 about the situation."

22 Do you see where I've read that?

23 A. Uh-huh.

24 Q. I'm sorry. I apologize. I should have told  
25 you earlier: Can you answer verbally --

1 A. Yes.

2 Q. -- for me?

3 Okay. And you've done a great job so far.  
4 So please continue to do that. I'm not coming down on  
5 you. I'm just...

6 A. I understand.

7 Q. All right. So: "I had a thought, though,  
8 after I left, about the situation."

9 Did I read that correctly?

10 A. Yes.

11 Q. All right. Why would she call it "the  
12 situation"? What is "the situation"?

13 A. Well, I expect "the situation" was the need to  
14 hire a manager balanced against the ratios that the firm  
15 GIS department had set forth. And "the situation" was  
16 that on paper we did not have, at the time I expect, the  
17 exact number that, according to the GIS ratios, merited  
18 an additional GIS person.

19 Q. Why were you thinking about this issue if at  
20 that point you didn't have the numbers that were  
21 required to justify the hiring of a GIS manager?

22 A. Well, I think there are a couple reasons: I  
23 think that the first reason is the continued growth that  
24 we had experienced in the Houston office and our  
25 anticipated relocation scheduled for the end of 2003 and

1 the expectation that we would be hitting these numbers  
2 fairly quickly. And we wanted to be ahead of this.

3 Q. When did y'all make the decision that you would  
4 relocate? Was that in January of 2003?

5 A. It was prior to then.

6 Q. So, prior to January of 2003, there -- would  
7 there be some documentation that would show you were  
8 anticipating moving?

9 A. Well, there were lease negotiations that began  
10 as early as July, 2002.

11 Q. Okay. Your space was inadequate for where you  
12 were; is that correct?

13 A. Our space was quickly becoming inadequate.

14 Q. Okay. All right. So the situation is that  
15 there's a difference between the ratio -- between the  
16 number of people you had and the number of people you  
17 expected to have; is that correct?

18 A. Yes.

19 Q. Now, if you'll take a moment to read entirely  
20 through Exhibit 1 again, does she make any -- "she"  
21 being Ms. White -- make any reference to ratios or  
22 staffing like that?

23 A. She does not.

24 Q. Okay. The next sentence, I believe, reads as  
25 follows: "Have you ever considered bringing in a

1 contractor for a few months to" -- and I think it's open  
2 quotation marks -- "'assist'" -- close quotation marks  
3 -- "Ava with a lot of the desk-side assistance she does,  
4 especially with the troubleshooting and repairs?"

5 Do you believe I read that correctly?

6 A. Yes, I do.

7 Q. All right. Had you considered bringing in a  
8 contractor to provide Ms. Slaughter with assistance?

9 A. I don't recall if we considered bringing in a  
10 contractor.

11 Q. When you say you "don't recall," does that mean  
12 that you might have done that?

13 A. I don't recall --

14 Q. All right.

15 A. -- whether I might have.

16 Q. In response to this e-mail, did you give it  
17 some thought?

18 A. At the time I don't recall.

19 Q. At any time after that?

20 A. If she states this in the e-mail, I considered  
21 it at the time that I read the e-mail. Whether or not I  
22 considered it after reading the e-mail, I don't recall.

23 Q. Okay. One of the duties of the office  
24 administrator is to make the office itself run smoothly;  
25 would that be a true statement?

1 A. Yes.

2 Q. And if one of your critical positions -- and I  
3 assume you're going to agree with me that GIS manager or  
4 GIS whatever she was, is a critical position. If that  
5 position was not running smoothly, then one of the jobs  
6 that Jones Day gives to you, one of your  
7 responsibilities, is to fix that in some fashion,  
8 correct?

9 A. I think that's a fair statement.

10 Q. All right. So did you believe in January of  
11 2003 that Ms. Slaughter was having trouble handling her  
12 position due to the result that -- due to the fact that  
13 she was doing a lot of desk-side assistance?

14 A. That was a contributing factor.

15 Q. Okay. What did you do to solve that?

16 A. Well, at different times we brought in  
17 assisting -- assistance from other offices. Prior to  
18 January of 2003, we had also hired a trainer whose  
19 secondary responsibilities were to provide desk-side  
20 support.

21 Q. Was that Tammy Long?

22 A. Yes, it was.

23 Q. All right. Who was involved in the hiring of  
24 Tammy Long?

25 A. I was. And Ava Slaughter interviewed her as

1 well, as I recall.

2 Q. Why did you involve Ms. Slaughter in that  
3 decision-making?

4 A. Because Ms. Slaughter would be working closely  
5 with this person.

6 Q. Was Ms. Slaughter supervising Ms. Long?

7 A. No, she was not.

8 Q. All right. What was Ms. Long's job title?

9 A. I believe it was office trainer.

10 Q. Now, does an office trainer do troubleshooting  
11 and repairs?

12 A. This office trainer was hired to primarily be  
13 an office trainer but also to assist with  
14 troubleshooting and repairs.

15 Q. Okay. So she was a special-case office  
16 trainer?

17 A. This office trainer had secondary  
18 responsibilities.

19 Q. All right. So, when Ms. White made this  
20 comment about bringing in a contractor for a few months  
21 to give Ms. Slaughter some assistance, especially with  
22 the troubleshooting and repairs, I assume you just  
23 dismissed that because you had already done that by  
24 bringing in Ms. Long.

25 A. Well, the timing is such -- I don't recall
